

DISCLAIMER: ILLEGAL E-MAILS

The Fundación Germán Sánchez Ruipérez has been informed by several people about massive sending of spam in which, using the name of our Institution, they are supposed to be winners of an economic donation; thus they have to reveal their personal details to get this donation. The Fundación Germán Sánchez Ruipérez wants to make clear that it has nothing to do with these e-mails or with these false donations which seem to be a tool for a fraudulent activity and we strongly recommend not revealing any kind of personal information to the sender of these illegal e-mails. Furthermore, the Fundación wants to communicate that these facts have already been reported to the Spanish authorities.
